I have always loved the fallout games..but in vr it's just so much better

. While the art looks like it was done in MS Paint, it does grow on you after a while. From the charming little rodents and bandits to the nearly inescapable death traps, this game is truly a trip. It's like the Dark Souls of dungeon crawling. It is hard. It is unforgiving. And yet, it's also addicting and encourages you to play more. The weapon choices are even endearing, from your starting weapon of a wooden spoon, to the futuristic lazer gun.

That being said, there are some improvements I would like to see. For one, it would be nice to have online or LAN multiplayer. This game was definitely made to be played with another person, and I feel as though it's restricted by only having "couch" co-op. It would also be nice to see difficulty settings, especially if a person feels like going it solo.

[Gameplay of Disposable Heroes](#). Played with family. Love the artistry and the characters!. AMAZING GAME, AMAZING GRAPHICS, AMAZING MECHANICS, CAN'T BELIEVE I SPENDED 100+ HRS ON THIS WITH ME AND MY FRIENDS RECOMEND IT TO EVERYONE LOOKING FOR A GREAT GAME TO PLAY WITH A BAD PC AT A LOW PRICE :)

10V10 EXPERIENCE. Awesome game nothing more and nothing less, he deserve a great success.

A smart mix between Super Meat Boy, Splatoon, Rayman.. in my opinion hehe, with a very nice artistic direction.

The game is really fast and accurate as expected.

Splasher is more time attack/speedrun oriented in my opinion but you can still enjoy it by doing (only) the "story mode"

Can't wait to see some serious speedrun on Splasher tho

---

I bought this game after watching a video of Jordan Underneath a few years ago. I regret my purchase, the season pass seems to be a scam. The developers should not have promised episodes and move on without supplying the goods.. Do not buy this game there is no bob simple tank. Puzzle Quest is an RPG based on a foundation of match 3 mechanics, with Runespell:Overture replacing the match 3 foundation with that of Poker hands.

I enjoyed this for the same reasons I enjoyed Puzzle Quest and the poker mechanics kept the game feeling fresh in the over-saturated genre of puzzle/rpg hybrids.

\$10 seems appropriate if you are in to this sort of game, but if on sale for \$5 or less and you even have a passing interest then snap it up immediately.

(Also recommended by me via the [Headache & Migraine Gaming Group](#)). [This is the best stealth indie game I've played so far ! Only some FPS optimisation needed and its perfecto !. Like most Novalogic flight sims. Brillaint and underated. If your into jet fighter sims, get it!](#)

[Always Loved Novalogics fighter games. It does seem a shame that games like this are not being made anymore. The worst example is as a Star Wars fan I loved the X-Wing series, XWA was made over a decade ago now and no signs of another fighter sim to come. Seems the same with novalogic and jet fighter games too :\(.](#) [The game is not polished and buggy but I'm having fun playing.](#)

#### Cons

- [Enemy respawn below or on top of your player](#)
- [Player may clip out of bounds and fall](#)
- [Enemy teleports \(or probably connection lag on my part\)](#)
- [Sometimes the player flies when hit by an RPG missile and then lands with no damage](#)
- [Steam Achievements cannot be unlocked on Bot Matches](#)

#### Pros

- [Steam Achievements are easy to complete](#)
- [Good number of online players to play with. Very nice and well made VR experience!. I liked the missions. They gave a new spin on the old gameplay. If you want more Anno then this is a good purchase.](#)

[Mission one has you make a eco concious Tycoon city by embraceing Deacidification stations. \(Eco balance can't go under 50 or else Rufus Thorne declares war on you.\)](#)

[Mission two has Rufus Thorne cause shortages in markets and he demands that you provide the particular goods to him in order to earn mad cash in the markets. \(Mission starts out really stressful but gets really generous with time in the later part of the mission.\)](#)

[Tere are no unice sounclips. You get no careerpoints.. Confused. Purchased this and now it says I need to log in to use it. That being said, I can't log in because the login times out after 0 milliseconds \(the games words, not mine\). What can I do?. Deserves more Attention](#)
